CLUBHOUSE FACILITIES

# THE UNPARALLELED AMENITIES

Revel in the comfort and luxury of all necessities under just one roof as Chieftain provides the fully-functional clubhouse right at the entrance. Residents are welcome to utilise the outstanding multipurpose area and the all-age main park. Prioritising privacy, Chieftain constructed a buffer zone for visitors and installed a double security gate to provide peace of mind while keeping the homeowners' property private.

# NURTURING THE ART-INSPIRED MINDS

# NURTURING THE ART- INSPIRED MINDS

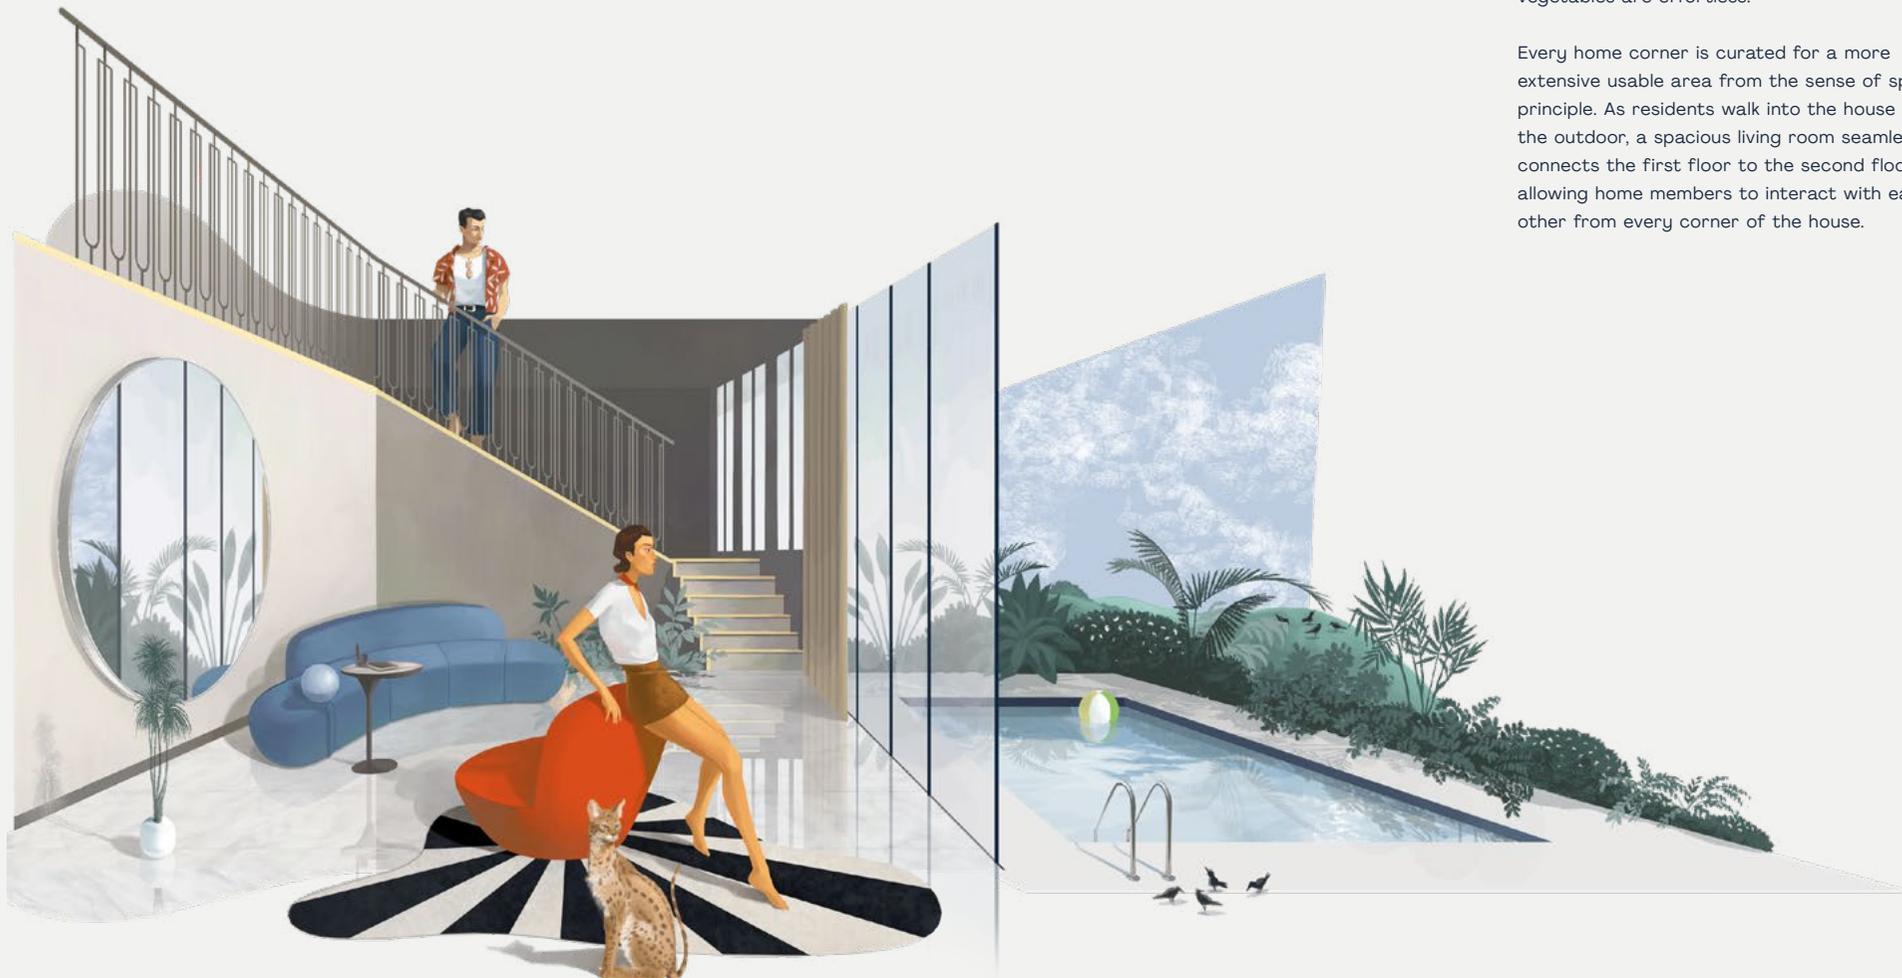

At Chieftain, French Art Deco was reinterpreted through curved facade corners, sharp linings, and unique building structures. The aesthetic is underscored by how it accentuates the inhabitants' understanding and appreciation for art and design.

The area within Chieftain is sufficiently segregated for privacy. The playground and park are placed conveniently in the centre for children to access, whereas the housing arrangement prioritises distances between each property.

# COMMODIOUS DWELLINGS, SEAMLESS CONNECTIVITY

All design decisions aim for comfort and practicality. With a semi-outdoor space surrounding the house, activities like swimming in the pool or gardening homegrown vegetables are effortless.

Every home corner is curated for a more extensive usable area from the sense of space principle. As residents walk into the house from the outdoor, a spacious living room seamlessly connects the first floor to the second floor, allowing home members to interact with each other from every corner of the house.

## ENLARGED SPACE FOR ELEVATED COMFORT

Chieftain intended to make the house feels as capacious as possible. By connecting the living room to the vast dining area, the property's social zone was expanded. The bedroom layout capitalise the width and depth of the home for an extra-large comfort zone where you can be fully rested and find peace.
