WHEN WE GET THE PLACES RIGHT, THE TOWN WORKS.

When we start thinking about making a good town,
we think not only of the home place.
We think about the play place,
the shopping place,
the eating place,
the park place,
the learning place.
Every element is mindfully planned
and thoughtfully brought together.
They are organized around a Central Park
that sits by the beautiful lake.
With a promenade and a boardwalk
that gives a sense of place.
To be by the water in a nice setting.
That sense of place is a joy to the community.
